

Report

Undergraduate Inventory Test

The Undergraduate Inventory Test helps students discover the academic fields and environments that best match their personality, learning style, and goals—empowering informed, confident study choices.

INVESTIGATIVE
CONVENTIONAL
ARTISTIC
ENTERPRISING
REALISTIC
SOCIAL

BRIEF

The report is evaluated across **six distinct personality** dimension, with each dimension receiving an individual score. Each score ranges from 0 to 40, where higher values indicate a stronger affinity for the corresponding personality type.

YOUR SCORE

33

Realistic

24

Investigative

28

Artistic

20

Enterprising

21

Conventional

24

Social

You are likely to feel most comfortable and **successful in environments that match your highest scores**, while environments with **lower scores** may be more challenging.
